Your Comments About the Staff Report, Including Recommendations Supported or
Opposed: Please keep the Breeder Act on the books. There are so many animals in Texas who are cruelly treated by
backyard breeders. This law is their only protection and the lives of way too many animals would be so much worse
without it.

Any Alternative or New Recommendations on This Agency: Please lower the number of breeding females from 11
to 5. If the number of breeding females was lower this law would have regulated the horrible breeding operation in
Henderson Texas where over 50 wolf dogs were abandoned in horrible conditions by their owner.
