Subject: Public Input Form for Agencies Under Review (Public/After Publication)

Agency: TEXAS STATE BOARD EXAMINERS PROFESSIONAL COUNSELORS

First Name: Candice

Last Name: Holloway

Title:

Organization you are affiliated with:

Email: candice@vadacounseling.com

City: Houston

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I am a Licensed Professional Counselor and member of both TCA and ACA. I've been following the Texas Sunset Commission's findings re: the Board and would like to offer my perspective.

I agree that "the boards are acting in good faith and have made notable strides in addressing the previously identified problems...However, significant problems and challenges remain that cannot be resolved within the current structure" and "the continued administrative attachment of the marriage and family therapy, professional counseling and social work boards to a large agency...is still not working...The dysfunction created by such a model places the livelihoods of licensees in jeopardy and puts the public at risk." I also agree that "the consolidated agency structure of the Behavioral Health Executive Council presents the best approach to align the regulation of these behavioral health professions and elevate the attention and oversight of these programs."

However, I disagree with the Sunset Commission's recommendation on who should be included in this consolidated board: "The executive council would be composed of one public member appointed by each of the four boards and an independent presiding officer appointed by the governor."

Any Alternative or New Recommendations on This Agency:

Instead, I stand with ACA in recommending that the structure of the BHEC, as proposed during the last Sunset Review, include one professional and one public member appointed by each board, with the presiding officer appointed by the Governor. Currently, no board that regulates health professionals in Texas is composed exclusively of public members. In fact, the Sunset Commission staff recommendations for the Board of Medical Examiners do not propose to restructure that Board to create an all or majority public member structure.

Including professional members on the BHEC is much more likely to enhance consistency in standards of practice, licensing and enforcement decisions because no single profession would hold a majority on the BHEC.

My Comment Will Be Made Public: I agree
