Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please stop allowing people to profit off of breeding animals and continue the cycle of over population, abuse and inhumane standards. No one should profit off of another living things suffering or injustice. Imagine a world where humans could be bred for profit. Now imagine that you are deaf and mute with no voice or way to cry out, "Stop! Injustice!", for help? If animals could talk, that is what they would be crying out. Be their voice and champion for their rights. Do unto others, be it animal or human, how you would want others to do into you. Empathy and sense has gone by the wayside on many accounts, but I'm sure that Texans know better and do better.

Any Alternative or New Recommendations on This Agency: You must take animal rights seriously. They are not here for our amusement to treat however we feel. A child who is unable to defend itself either physically or verbally is protected even more so for those reasons. And so should the people protect the animals for their inability to protect themselves against mans cruelty.
