Your Comments About the Staff Report, Including Recommendations Supported or Opposed: the board of social worker should be run and headed by Social workers. Non professional should not be in charge and make rules and regulations regarding the ways social worker are lessened. There is no question that there are problems with the current way the TBOSWE works, but people in the profession need to be in those positions

Any Alternative or New Recommendations on This Agency: Increase staff to help with backlog and keep social worker as its presiding officer
