Your Comments About the Staff Report, Including Recommendations Supported or  
Opposed: I completely disagree with doing away with instructors/ licenses. I myself have 5 licenses and can  
confidentially say that having separate programs allows the individual to focus on that specific specialty. Just like  
doctors they have different specialty. I guarantee you wouldn't want someone off the street to cut your hair or put  
chemicals on your head or face. My instructors were very instrumental in my education and later became mentors to  
me and not everyone can teach/instruct. Would you let someone off the street do your job? Or how about they say to  
you that there is no longer a need for an Associate, Bachelor for your position just an 8th grade education will do.  
You would feel some type a way.

Any Alternative or New Recommendations on This Agency: I think they need to turn their attention away from  
trying to deregulate the industry and focus on the individual that aren't following Tdlr regulations and are out there  
hurting people. When individual report wrong doing they get no response where's the action there.

My Comment Will Be Made Public: I agree
